6. All Entrants/Competitors are reminded that they enter each race meeting and sign on stating that they have read and made themselves aware of the Regulations contained within the current MSUK Yearbook (specifically section U) and Karting UK Yearbook 2021. Please do take time to read these. By registering, all Entrants/Competitors, and their associates, commit to the Race ‘n’ Respect campaign and agree to positively promote and demonstrate the Racing Code, which is appended to these regulations.
7. The Bambino class is open to entrants aged 6 to 8 years – entrants may continue in Bambino class until the end of the year of their 8th birthday. All competitors must produce a valid Kart Clubman Licence and Club Membership Card when signing on. 8. The 2021 Championship will consist of ten events. Each driver’s best 24 heat points from total of 30 and each driver’s best 8 final’s points from total of 10 will count toward the Championship Class Champion. In other words, drivers are required to drop their worst 6 heats point races and their worst 2 final’s points. These worst point races can be randomly chosen by a driver and do not have to be from any particular race meeting. If a driver is disqualified from a race due to disciplinary action, these races cannot be used as one of a drivers dropped races.
As well as counting for the main 2021 Championship, the total points awarded in the first three rounds (heats and finals) will also count towards the 2021 Winter Championship trophy in each class.
9. If a Race Meeting is terminated for whatever reason, prior to the completion of all races, only those Kart Classes where all drivers have completed three heats will count towards Championship points. All classes where drivers have not completed at least 3 Heats will be awarded no points for the event. If any one Kart Class has completed 3 Heats, the Race Meeting will be declared concluded. However, if for whatever reason, a Race Meeting is cancelled prior to at least one Kart Class completing 3 Heats, the race meeting will be declared void. All Drivers and Kart Classes will receive no points.

10. The timings of the meeting will be as advised in the programme of the day and, where possible, on the GKMC website prior to the meeting; including Signing on and Scrutineering times (NB any competitor not signed on by the end of the appropriate time period may be excluded).
 - Signing on closes 60 minutes before the scheduled start
 - Scrutineering closes 45 minutes before the scheduled start
 - Drivers briefing 30 minutes before the scheduled start
 - Pre-race practice commences at the scheduled start time
11. It is mandatory for all competitors to attend driver's briefings arranged by the Clerk of the Course. Failure to do so will result in a fine unless prior arrangements have been made with the Clerk of the Course.
12. Each Competitor must take part in a compulsory 3 Laps (minimum) practice before taking part in any Races
13. At each GKMC Round, the Bambino class will be given three sessions of timed runs each lasting five minutes and a final timed session.
14. All drivers in the session will start their timed laps by leaving the dummy grid at approximately two second intervals as directed by the Pit Marshal and do as many laps as they want to up until the end of the five minute session.
15. The start positions for each of the three sessions of timed runs will be determined by random computer selection ensuring there is even rotation. **Late Entry Drivers must occupy the rear positions in all of the timed runs.** Novice Drivers will take their normal rear most grid position behind the normal and late entry driver positions. Timing and Lap Recording will be by Transponders. All Drivers will need to supply transponders fitted to the back of the seat in compliance with MSUK guidelines.
16. Crossing the start line for the first time will register on the timing equipment and will constitute the start of the first lap for that session. When a driver leaves the circuit, they can stop their karts in the working area prior to entering parc-ferme and then return to the track. As soon as a driver enters Scrutineering / parc-ferme, their session will finish and they will not be allowed back on the circuit again until the next session.
17. The end of the session will be five minutes after the start of the session plus one lap. The last lap flag will be displayed five minutes after the session commenced and then the chequered flag will be displayed once the drivers have completed that lap.
18. The winner of each session will be decided by the fastest lap time from that specific session.
19. The timed runs for the three sessions will decide on the grid positions for the final session. Only the driver's quickest single lap from any of the sessions that day will count. In case of a tie, the second fastest lap will be taken to resolve the tie and then the third lap etc.
20. The winner of the final will be decided by the fastest lap time from the final session
21. Points will be awarded for the timed runs relative to the best lap times achieved in each particular session
As follows
Heats 40, 35, 32, 30, 29, then descending by one. Finals 80, 70, 64, 60, 58, 56, then descending by two.
All karts that complete at least 50% of the race will be classified as a finisher and awarded points on a roll back of laps basis.
In Timed sessions, all karts that take the start will be awarded 1 point and in finals, 2 points.
In the event of two or more drivers finishing on equal points in the Championship, the winner will be determined on the most number of finals wins followed by 2nd, 3rd places etc. until a winner is declared. If there is still a tie after this, Heat wins and positions will be taken into consideration. Any further tie, then the Drivers will be declared joint winners.
The above method will also be used to determine lower place awards if necessary.
If a driver receives a penalty (for example a 10 place penalty), irrespective of the number of entrants per race, the driver will only be awarded Race points for his finishing position including penalty. As an example if a driver finishes a race in 1st place and receives a 10 place penalty, the driver will only be awarded points for 11th place even if there were only 6 entrants in the race.

22. The maximum number of Bambino entrants for each session is 10, the minimum is 3. Should this minimum figure not be reached, the organizers reserve the right to cancel the inclusion of the Bambino class within its main meeting.
