Karting 23rd May

What a great race meeting with one of the largest senior grids we have seen in a long time.

Congratulations to all that took part, you all put on a fantastic show with some superb racing

Hill Climb 31st May

Wow, what perfect conditions, the racing was excellent with some fantastic driving / riding from so many people. Congratulations to the record breakers and those that set new PBs. Thank you to all the marshals and officials who take time out of their day to help make this event happen.

Right **RANT** time, after such a good-days racing it's was sad to hear that at the end the meeting a few of the bike boys were taking down the Armco only to have fellow competitors sitting in their vans behind it (Octopus side) waiting for it to be taken down. Only to barge past before it's all taken down.

So, because it sounds like some of you can't think for yourself, I will make the decision for you, going forward nothing leaves the slip road until all the Armco is taken down and physically on the trailer. More hands make light work!!

Again, it was noted that some of the road going cars left the event with their race numbers still displayed. Which is not acceptable, please put tape through them before leaving the event.

Conduct of Members

I can't believe I need to be saying this, but can I please remind members that abusive behaviour towards Officials, Marshalls or fellow competitors will not be tolerated. Officials and Marshals give up their free time so you can race.

Anybody noted behaving in an abusive manner towards anybody, will not only be dealt with by the MSUK and/or ACU, but you will be required to stand before committee and answer for your actions. Penalties will be imposed; these will range from race bans to your membership being revoked
