SPEED EVENTS

I cannot believe we are already at the end of the speed season for 2021 that has gone so quick, But I think you will all agree we have seen some fantastic racing this year with some stunning times and Personal Bests set by so many.

Unfortunately, we had the cancellation at the last minute for Alderney, but those that still went up had a good time exploring some of the undergrowth that many cars have been in over the past 30 years and making sure the beer was still good.

We are hoping to return to Alderney in 2022 but this is yet to be confirmed with the states of Alderney, who at the moment are like a bar of soap to get hold of to arrange a meeting with.

Your committee have already been busy sorting out the speed dates for 2022 and we are in the process of writing to the various Douzaines for permissions to run the Guernsey events.

We will advise on the dates once we have received confirmation from the Douzaines and I will publish them here in the club news

MOTO X

MX roared back to racing on October 9th after the summer break with some great fast racing across all the classes. Well done to all that took part. The next race meeting is this weekend (23rd October)

RACE NUMBERS ACU Speed / MX

Can all bike riders at speed and MX events please make sure your bikes have the correct numbers on (i.e., size & colour (back ground and number) as per the ACU regulations we have been seeing bikes arriving at events with incorrect size and colour of numbers.

Please refer to the ACU handbook if you are uncertain of the back ground and number colour for the cc of your bike.

OFFICIALS

A BIG THANK YOU to all of our officials that have helped out this year so far, without your support we would not be able to go racing.
